PROFESSIONAL EXPERIENCE

Web Developer   2023
Ferrobend   Mumbai, Maharashtra

- Developed and maintained full-stack web applications using HTML5, CSS3, JavaScript (ES6+), Bootstrap, PHP, and SQL, ensuring responsive, scalable, and user-friendly solutions.
- Designed and integrated an ERP ticketing system to streamline issue tracking, task management, and cross-team communication, improving workflow efficiency and system reliability.
- Optimized website performance and SEO using tools such as Google PageSpeed Insights and GTmetrix, resulting in reduced page load times and improved performance metrics.
- Utilized Git for version control to manage codebases, enabling effective collaboration, structured branching, and smooth deployment workflows.

Front-End Developer - Intern   2023
Shree Krishna Digital Marketing   Mumbai, Maharashtra

- Gained hands-on experience with HTML5, CSS3, JavaScript, Bootstrap, and React to build modern, responsive web interfaces.
- Designed and developed responsive promotional email templates using HTML5 and CSS3, ensuring cross-browser and device compatibility.
- Developed, customized, and maintained company website sections to improve user experience, layout consistency, and performance.
- Converted WordPress-based websites into Bootstrap-based responsive layouts to enhance performance, scalability, and maintainability.
- Collaborated directly with clients to understand requirements, implement changes, and deliver solutions aligned with business goals.

PROJECTS

ASTM A193 Grade B7 Stud Bolts Website
